

WILL DILL QUILTS AS DRAIN ENGINEER

He and City Council are Unable to
Agree Regarding Plans to Enclose
Hodge's Branch

COUNCIL REFUSES TO GIVE UP

Pedestal Lights Will be Installed on
South Side of Public Square by
Merchants

The enclosing of Hodge's branch by means of a sewer, which has been under consideration for some time by the city council, was taken up again Tuesday night when the regular session was held, with the result that Will Dill, the engineer employed for the work, resigned because of disagreement with the council.

The open drain has been the cause of much trouble, and all efforts on the part of the city council have failed to get results, although the council is anxious to push the work through, and remedy the affair.

The matter has been in court and halted on several occasions because of remonstrances. Recently the council employed Mr. Dill, civil engineer, who was ordered to draw up plans and make a report so that the project could get under way.

The plans of the council called for the enclosing of the open drain with a concrete sewer from Ninth street to the Big Four railroad bridge, below Seventh street. In this way, the sewer would be covered over with dirt, abolishing all of the wooden bridges and doing away with the unsanitary and unsightly appearance of the ditch through the residential section.

The plan of the council was to bring this concrete sewer to the Big Four bridge, and then empty the water into the present channel, as it has been the contention of engineers that the bridges of the traction company and the Big Four were not large enough to permit the flow of water in flood times.

Mr. Dill also made a preliminary report several weeks ago, and at the last meeting of the council made a still further report in which he stated that the bridge of the railroad was not large enough but that the engineers for the railroad contended it was sufficient.

Mr. Dill's point was to obtain an outlet for the water first. Opinions of the engineers differed on the matter of the water shed and flow of water. The railroad suggested that an expert hydraulic engineer be consulted, and it was upon this plan that Mr. Dill urged the council to

LEGION POST TO MARK ALL SOLDIER'S GRAVES

Places Order For Bronze Markers
for World War Veterans and
Gray Iron For Civil War

SOCIETIES ASKED TO HELP

Rush post No. 150, American Legion, has decided to mark all soldiers' graves in Rush county before Memorial day, it was announced today by officers of the post.

Graves of veterans of the World War will be marked with a bronze grave marker and the graves of veterans of the Civil War will be designated with a gray iron marker.

An order has been placed for the bronze markers, it having been estimated that thirty-five will be sufficient to mark all of the graves of ex-servicemen of the late war in East Hill cemetery and other burying grounds in the vicinity of Rushville.

A contract for the iron markers, 150 in number, has been let to the Arbuckle foundry of this city and they will be ready in ample time for Memorial Day.

The co-operation of all patriotic societies in the county is asked by the Legion post in locating the graves of war veterans of both wars. Those knowing of graves that might be overlooked are asked to notify Raymond Benning, post commander, or Russell Deeringer, post adjutant.

TWO MACHINES IN COLLISION

Packard and Ford Come Together
at Street Intersection

Two machines collided at the corner of Second and Harrison streets Tuesday evening, and both were damaged, but the occupants were not injured.

One machine was driven by Frank Hamilton of Indianapolis and was a Packard roadster. The other car was a Ford coupe driven by Miss Esther Anderson, living south of Rushville. The roadster had a disc wheel broken and the rear fender dented. The coupe also was damaged and had to be taken to a garage for repairs. Patrolman Havens investigated the accident, but no blame was placed.

MANILLA CLASS IS AN HISTORIC ONE

Largest Group of Seniors Ever Receiving Diplomas From School
Will be Graduated

MILROY HAS EQUAL NUMBER

Commencement Exercises For Graduating Class of 19 Will be Held
Thursday Evening

The largest graduating class in the history of Manilla will leave the school Friday night when the annual commencement exercises will be held, and diplomas given to 19 students.

The address will be delivered by Dr. Robert J. Aley, president of Butler college. Tonight the annual Junior-Senior reception is being given at the school building, with a banquet and program featuring the evening.

The class roll this year includes the following 19 Seniors, Waldo Brown, Ray Brown, Wilma Carr, Donald Camony, Loren Davis, Mary Frances Edwards, Delphia Gardner, Wallace Haebl, Evelyn Hester, Davis Hester, Lavanche John, Ruth John, Letser Keppil, Simona Martin, Floyd Miller, Wallace Mull, Helen Solomon, Esther Solomon, and Bertha Wicker.

With Manilla having 19 graduates, Milroy also is not to be outdone, and has announced the same number, with exercises being on Thursday night at the school auditorium. D. K. Stewart of Columbus, a lecturer, has been secured and will deliver the commencement address.

The 19 Seniors at Milroy will be: Leland Anderson, Dorothy Billings, Louise Davis, Ruby Kitchen, Ruth Kitchen, Robert Kinnett, Marie Martin, Fern Morrison, Howard Overlee, Pauline Patton, Pauline Piper, Edna Perrigo, Helen Pike, Cecil Pike, Eric Readmond, Charles Seright, Mable Stewart, Paul Tremain and Smith Vanosdol.

Professor Santer will award the diplomas. The class motto is: "Build for character and not for fame," the colors are old rose and silver and the flower sweet peas.

Raleigh also will hold their exercises on Friday night, with the address being delivered by the Rev. Gibson Wilson of this city.

The Arlington commencement was held Tuesday night with Dr. H. N. Sherwood delivering the address. New Salem will graduate four seniors tonight.

After this week, the schools in the county will be closed for the most part. Richland will have an eighth year commencement April 30 followed by the Carthage commencement May 8. The Jackson township commencement will be May 13.

SPRINGTIME MADNESS

ORDINANCE DOES NOT APPLY TO FARM PRODUCE

Section Four of City Peddlers Law
Specifically Exempts Farmers
From Its Application

ITINERANT MERCHANTS HIT

Some misunderstanding exists, it was reported today, regarding the effect of the ordinance passed recently by the Rushville city council, regulating the business of itinerant merchants and solicitors.

The misunderstanding is due to misinformation that has been spread over the county to the effect that the ordinance prohibits Rush county farmers who wish to sell farm or dairy products in Rushville. Section 4 specifically exempts them in the following language:

"That the provisions of this ordinance shall not apply to sales to dealers by commercial travelers, nor to sales by producers of farm or dairy products."

The ordinance was passed under suspension of the rules on Tuesday evening, April 7, and became effective last Friday, April 17, after having been published twice as provided by law.

59 POLICEMEN APPEAR TO RECEIVE SENTENCE

Cincinnati Officers Charged With
Receiving Bribes on Liquor Sales
Brought into Court

FIRST ONE FINED \$2,000

Cincinnati, Ohio, April 22—Fairly battling their way through crowds which jammed the court room, 59 policemen and dry agents appeared before United States Judge Smith Hickenlooper today to be sentenced as grafters.

Hickenlooper took up their case individually.

His promise of leniency for the 59 men who confessed to accepting bribes and bootlegging didn't mean anything for Louis Sunderman, a flying squad detective and the first man sentenced.

Sunderman was given 18 months in prison and a fine of \$2,000, as stiff punishment as was received by any one of the three other grafters who were convicted.

The flying squad detective confessed that he received more than \$17,000 in bribes to permit liquor to flow freely in his district of Cincinnati.

Review of Rush County Boys' and Girls' Club Work

A review of Rush county Boys' and Girls' club work will be found on pages 7 and 8 of today's paper, together with a group picture taken at the gathering in the court house when corn was distributed to the 115 members of the Boys' Corn Club and boys and their dads were guests of the Rushville Boosters' Club.

The review covers the activities of the boys' and girls' clubs contemplated for the year and the names of boy and girl enrolled in the work.

MRS. LORA CONWAY, 59, DIED THIS AFTERNOON

Wife of G. V. Conway, Expires at
Her Home Following Several
Weeks Illness With Jaundice

LEAVES HUSBAND AND SISTER

Mrs. Lora Conway, wife of G. V. Conway, who has been seriously ill for several weeks at her home, 526 North Main street, died this afternoon at two o'clock.

Mrs. Conway was born in Rush county, and resided here all of her life, spending most of the time in this city. She was 59 years of age. She was taken ill about three months ago, suffering with an attack of jaundice, which gradually developed into liver complications. Her condition grew extremely worse during the past few weeks, and hopes for her recovery were abandoned.

The deceased was a member of the Main Street Christian church, and was a well known woman of this city. She is survived by the husband, and one sister, Mrs. William Rees of Greenfield. She also leaves a number of nieces, cousins and other distant relatives.

The funeral services will be held at the late residence on Friday afternoon at 1:30 o'clock, with the Rev. L. E. Brown of Wilmington, O., formerly of this city, officiating at the services. Burial will be made in East Hill cemetery.

GARY DEFENDANTS MUST SERVE TERMS IN PRISON

Mandates For Immediate Arrest of
Former Officials And Others Received Today

27 MEN AND FOUR WOMEN

(By United Press)

Indianapolis, Ind., April 22—Mandates for the immediate arrest and imprisonment of twenty seven men and four women, whose appeals were lost in the Gary booze conspiracy case, were received today by William Kappes, clerk of the federal court.

Prison warrants were being made out and given to U. S. Marshal Meredith, who will serve notice for the thirty-one to appear at once. All are out on bond.

Roswell O. Johnson, former mayor, will be taken to the federal prison at Atlanta for a sentence of eighteen months.

Others who go to Atlanta and who will serve sentences of a year and a day each are: Lewis E. Barnes, president of the Gary Board of Works; Clyde Hunter, former Lake county prosecuting attorney; Dwight M. Kinder, former Lake county prosecutor and Blaze A. Lucas, attorney.

Petitions of the convicted men for a rehearing were overruled by the circuit court of appeals at Chicago and by the United States Supreme court.

AUTO ACCIDENT INVESTIGATED

Wayne County Mishap Costs Life of
Nine-Year-Old Girl

Richmond, Ind., April 22—Coroner Bend of Wayne county today started an investigation of the auto accident which cost the life of Charlotte Rust, 6, of Whitewater, last night.

The auto in which the girl was riding with her parents, Mr. and Mrs. William Rust, collided near Fountain City with a machine driven by Dr. Earl Sturgis, of Bluffton.

Mrs. Rust was injured and was taken to a hospital in Winchester. Other occupants of the two autos escaped injury. Both machines were practically demolished.

ASKS FOR POSSESSION OF HOUSE

Lida Farlow Also Asks \$70 Judgment Alleged Due on Rent

A complaint for possession of a house at 830 North Oliver street has been filed in Justice Stech's court by Lida Farlow against Frank Jamison. The plaintiff also is seeking judgment for \$70 alleged to be due on rent. The case will be heard Monday morning at 9 o'clock.

In the complaint for possession of John Gabhart against Arthur Levi, set for trial today in this court, the plaintiff dismissed the complaint, asserting that the defendant had moved, and had given possession without a hearing.

PROWLERS WITH FLASHLIGHTS

Prosecutor Remy Prepares Arguments to Combat Plea for Release
of Stephenson and Aids

(By United Press)

Indianapolis, Ind., April 22—A close watch was being kept by police today over the home of George Oberholtzer, father of Miss Madge Oberholtzer, whose death led to indictment of D. C. Stephenson and his two aids on a murder charge.

Police Inspector White ordered patrolmen to keep watch on the home following reports that a mysterious group of men was seen loitering about the home. White directed the patrolmen to arrest any suspicious character found in the neighborhood.

Neighbors of the Oberholtzer family said they saw several men prowling about the house last night with flashlights. The Oberholtzer house is only a few blocks from the Stephenson house, which was badly damaged last week by fire said by police to have been of incendiary origin.

Prosecutor Remy assisted by Charles Fox, former supreme court judge, was busy preparing arguments which will be heard next Monday on the plea of Eph Inman, defense attorney, for release of Stephenson and his two aids, Earl Klenck and Earl Gentry, on parole pending trial.

Although Remy refused to reveal the line of the prosecution's fight lawyers pointed out that so far as is known no similar set of circumstances which led to the murder indictment has arisen in the history of the American bar.

Report of Fire Chief O'Brien on the blaze at the Stephenson home was turned over to the state fire marshal today. O'Brien said a bed in the garage at the home was occupied at the time the blaze was discovered or had been occupied a short time before. The covers of the bed were tossed back as if the occupant had left in a hurry and the bed was still warm, O'Brien said.

NOT TO REVISE TARIFF ACT

Sen. Watson and Other Leaders Oppose to Tinkering with Law

Washington, April 22—Senator James E. Watson, a member of the finance committee of the Senate and a recognized authority on the tariff, believes with President Coolidge and Senator Butler, the latter the Republican national chairman, that there should be no revision of the existing protective tariff act, which has proved so beneficial to the country, at the next session of Congress. President Coolidge is an ardent protectionist and his views on the tariff are in strict accord with those of Mr. Watson, assistant leader of the Senate.

It is the view of both Senator Watson and the President that the next Congress should apply itself first of all to tax reform as well as tax deduction. The economy program is paving the way for further tax reduction—the fourth since the Republican party came into power March 4, 1921. It is recognized that the greatest stimulant to business is tax reduction.

QUOTA IN COUNTY HAS BEEN FILLED

Eight Rush County Boys Accepted
for Annual Citizens' Military
Training Camp

7 NAMES ARE ANNOUNCED

Although Quota is Filled, More Applicants Have a Chance to Fill
Shortage in the State

Seven young men of Rush county have applied for enrollment in the annual Citizen's Military training camp for young men, according to the commanding general Omar Bundy at Ft. Hayes, with the quota of Rush county which is eight, being complete. One applicant was previously received.

The seven who have applied for the annual summer outing are as follows: John W. Beaver, 324 North Morgan street; Herman H. Boring, RFD 3; William A. Caldwell, 221 North Julian; Frank H. Green, 912 West Main; John J. Joyce, 510 West First; Charles R. Seright, Milroy; Clarence W. Womeldorf, 317 North Spencer.

The list of applications is being received for the Fifth Corps Area in fine shape, with this division leading all other areas for enrollments. Because of the fact that the quota for Rush county has been filled, further applications will be received and applicants will be used from here to fill up deficiencies from other counties.

Other boys who are considering the plan, are urged to make application at once, by writing for the necessary blanks to Omar Bundy, C. M. T. C. officer at Ft. Hayes, Ohio, or applying to H. B. Allman, superintendent of the Rushville public schools.

West Virginia, leading the local corps area, is the first state in the United States to complete its quota for the camps this year. The Mountain state however, is continuing enrollment having already exceeded its allotment by 12 percent. Kentucky follows with 76 percent, Ohio is next with 65 percent, and Indiana has about half of her quota.

Convinced by investigation and personal observation that there is nothing militaristic about these camps and that they fill a long felt need for a National school of mental moral and physical development, educators, womens' clubs, business men, the newspapers and public-spirited citizens everywhere are rallying to the support of the C. M. T. C., says General Bundy.

Young men between 17 and 24 years of age, physically normal and of good character, are sent to the camps by the Government. Railroad fare is even paid both ways. There are no strings attached to the offer, the young man remains a civilian throughout the training.

MRS. EPSON SINGLETON DIES AT THE AGE OF 21

Young Married Woman is Survived
by Husband, Three Small Children and Her Parents

ILL WITH DOUBLE PNEUMONIA

Mrs. Florence Martin Singleton, aged 21 years, wife of Epson Singleton, died Tuesday night at 11:45 p. m. following a week's illness of double pneumonia, at her home, 813 West Tenth street.

She had been a resident of this city all her life and was the daughter of Mr. and Mrs. Eli Martin of this city. Besides her parents and husband, she is survived by three children, Charles age 4, Betty Ann, age 3, and Bobby, age 2; four sisters, Mrs. Frank Braham and Mrs. George Luke of Newcastle, Ind.; Mrs. Pearl Downard and Mrs. John Robertson of this city; and two brothers, Albert Martin of Cambridge City and Walter Martin of Mays.

The funeral services will be conducted Thursday afternoon at 2:30 o'clock at the Church of God and burial will take place in the East Hill cemetery.

WILL DILL QUILTS AS DRAIN ENGINEER

Continued from Page One

He read offers from such experts who made flood waters and solutions their business, but the councilmen could not see the object of the affair, and after an argument in the matter, Mr. Dill told them to employ someone else on the job, and that he was through.

This left the proposition where it has always been, but the councilmen are determined to find a solution to the trouble in some way. They will meet again tonight to discuss plans, and another engineer will probably be employed to carry out the wishes of the council.

The drain matter was the most pressing of business before the council, with only the routine of other business coming up. An effort to obtain 12 or 15 car loads of cinders for the improvement of alleys, will be made, and negotiations along that line will be started.

It was announced that the pedestal lights on the south side of the public square will be installed by the merchants, and A. T. Mahin, water and light superintendent, was instructed to follow the regulation plan of distributing them along the street.

The light posts will be set 40 feet apart, and the cable for lighting them will be placed underground. Three posts have been bought for the East First street plan, and an effort to complete the block will be made by asking the county commissioners to buy one to be placed in front of the jail.

The lighting system is expected soon to be followed west in First street to Morgan, then north to Third, and back in Third to Main, completing a much needed circuit for that territory.

Complaint concerning the exposed basin that once housed the artificial gas plant in South Jackson street, was made to the council. The large open tank is filled with water, and is not fenced off, so that children in that vicinity are in danger of falling into it. The clerk was instructed to notify O. L. Carr to drain the water or fence the tank.

Persons obtaining permits to open the streets for sewer and water connections, will be required in the future also to notify the fire department, so that firemen will know what streets are blocked or partially blocked by such excavations.

T. B. Gary Makes Record With Litter of Pigs

T. B. Gary, venerable farmer of Posey township who was 90 years of age January 15, boasted last fall that he was going to raise a ton litter that would put the "young fellows" to shame.

He has a Hampshire sow which farrowed twelve pigs October 21, 1924, and eleven of them were saved. Before they reached the limit, 180 days, for the ton litter, they passed a ton in weight. The eleven pigs tipped the beam at 2120 pounds on April 8 when 169 days old.

Mr. Gary self-fed them with corn and tankage and all of the sweet milk they could drink until they were three months old.

He has a spring litter of twelve pigs from the same sow.

Movies

"Locked Doors," Castle

Betty Compson, Theodore Roberts, Kathryn Williams, Theodor von Eltz and Robert Edeson are featured in the cast of the William de Mille production of "Locked Doors" for Paramount. It's an original screen story by Clara Beranger, due at the Castle theatre on today and Thursday.

The story is one of a beautiful young girl who marries a wealthy architect many years her senior. The marriage is a loveless affair for the girl, entered upon more for the fact of assuring her elderly and crippled father of a comfortable home than anything else.

Theodore Roberts has the role of Betty's father in the production. It is his first screen role in a year and it is said to rival even his character, "Grumpy". Edeson is Miss Compson's husband in the picture and Theodor von Eltz has the role of the young fellow Betty meets and falls in love with. Kathryn Williams is love with the architect's sister who sees that her brother is unhappy and in trying to smooth things over complicates matters the more.

Norma Talmadge at Princess

Norma Talmadge and Thomas Meighan both have roles in "The Only Woman," Norma's latest First National photoplay.

Meighan, who was last seen in "The Heart of Wetenah," recently arrived in Los Angeles and came over to Norma's set to visit with her. Director Oleott immediately fixed Meighan up with a job.

Norma was making a scene aboard a yacht and Meighan became a member of the crew. Meighan jumped into his role with such great fervor that Oleott told him to stick around and I'll build your bit up into a good part.

"The Only Woman" is Norma's first photoplay since "Se-rets." Reversing the theme of a parent's sacrifice for a son or daughter, "The

Only Woman" tells the story of a girl who surrenders herself in marriage for her father's sake.

Eugene O'Brien has the leading male role. The picture will be at the Princess theatre today and Thursday.

DAWES' AUNT DIES

Washington, April 22—The visit of Vice President and Mrs. Dawes at the White House, planned to extend to the end of the week was cut short today by the death of Dawes' aunt, Mrs. Francis B. Dawes at Marietta Ohio. Mr. and Mrs. Dawes will leave for Marietta tonight to attend the funeral. The vice president was forced to cancel a number of Washington engagements.

Pimples

You will be startled how quickly and thoroughly you can stop skin eruptions and beautify your complexion with S. S. S.

PIMPLES are the first thing one notices in another person's face. It is too often cruel in its misjudgment. It judges from what it sees on the outside. Pimples are easy to get rid of. More red-cells! That is what you need when you see pimples staring at you in the mirror. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from blackhead pest, from boils, from eczema and skin eruptions; from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will aid Nature in building them for you! S. S. S. has been known since 1826 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. Start taking S. S. S. today. Its medicinal ingredients are purely vegetable.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

SHAW MURDER CASE TO MORGAN COUNTY

Change of Venue Granted Colored Man Charged With Murdering Helen Wheelchel in 1923

WAS SENTENCED TO DIE

Indianapolis, April 22—A change of venue to the Morgan circuit court at Martinsville was granted in criminal court today to John Thomas Shaw, negro, awaiting a second trial for the murder of Mrs. Helen Hager Wheelchel, a white woman.

Shaw, who was convicted in court here, was awaiting execution at the state prison at Michigan City when the state supreme court ordered a new trial for him.

Date for the trial at Martinsville will be determined by the Morgan county court calendar.

Shaw was convicted largely on

Wins Wealth

Mrs. Minnie Jean Walker of Little Rock, Ark., prominent society and club woman, has been awarded \$100,000 on a contested will of an eccentric elderly woman who bequeathed her the money for "her loving kindness and care during illness."

POWELL guiding the destinies of radio in America should have these as their objectives: A radio in every home. The constant improvement of radio programs.

The one thing that may curb the American public's enthusiasm in radio is the abuse of radio broadcasting.

It is interesting to note already the influence of radio upon American tastes.

JAZZ has its place in American musical tastes. It is the only distinctly American music we have. It is today by far the most popular of all forms of music in the United States. But there are good jazz orchestras and bad ones. And bad ones which consist of a "toodle-o" and a "thump-thump" are the ones that decrease interest in the better ones.

BUT jazz can be overdone and has been. That is why the American public is asking for better music. It is getting really interested in the better known of the grand operas, the standard overtures and the classics of years gone by. It is a good sign. One need never fear about the future of a country which is genuinely interested in good music. And good music does not mean the elimination of jazz.

Stations must exercise judgment in the amount of jazz that is broadcast.

And the exercise of judgment is the one thing needed to direct rightly the destinies of radio.

BIBLE THOUGHT

—FOR TODAY—

Bible Thoughts memorized will prove a

priceless heritage in after years.

What God Will Do:—He will

swallow up death in victory;

and the Lord God will wipe

away tears from off all faces;

and the rebuke of his people

shall be taken away from off all

the earth; for the Lord hath

spoken it. Isaiah 25:8.

Prayer:—Give to each of us

whatever our name or nation,

the life that is in Christ Jesus

and then we shall both live and

rejoice evermore.

Apple Blossom Time

It is apple blossom time—not in

Normandy, as a popular song once

said—but right here in Rush county.

The apple blossoms with their

fragrance and beauty are not ex-

celled by any fruit blossom.

Though frail, which does not

permit handling, they are a beauti-

ful picture, massed on trees that

dot the rural landscape. The tempta-

tion to pull them is strong.

No sight at this season quite

equals an apple orchard. It is a

mass of white, with pink tints that

lend a dash of color, so dainty that

it is at times difficult to distinguish.

Some people have been driving

miles to see a large fruit orchard in

Franklin county. They say it is an

inspiring sight, and one that is not

often seen because apple trees have

such an abundance of blossoms this

year.

An occasional apple tree is seen

in Rushville, but to get the real ef-

fect of their beauty right now, it is

necessary to go into the country.

The blooming fruit trees and the

leafing shade trees give evidence of

the bounteous blessings that nature

bestows in the springtime, when the

whole world seems in tune.

The city of Rushville is begin-

ning to put on its summer dress,

with bright green as the predomina-

ting color. The stately shade trees

that line the streets are arching

their large and spreading limbs high

into the air, and in some places

form an arch across the street.

Now and then the beauty of the

green canopy is destroyed because

of a jagged hole where some tree

butcher got in his nefarious work.

A few trees are stark and almost

naked, and they look as if, were

they able to speak, that they would

be making apologies for their ap-

pearance, in the presence of their

gorgeously arrayed brothers and

sisters.

ment and in the first article on the
subject he sets out that the cost of
doing business was 24 percent,
which was "6 to 10 percent less"than similar costs in large city de-
partment stores.Here is a merchandizing fact that
few small town people take into
consideration when they are lured
away from their home merchants
by what they believe to be better
prices of the large city stores.Every merchant has to make a
profit; if he didn't he would soon
close his doors. The profit is added
to the cost of the goods and the
cost of doing business.The large city store may buy
merchandise to some advantage be-
cause of the demand for larger
quantities, but his other costs are
far in excess of the small mer-
chant's.He has to pay rent, clerk hire, in-
surance, heat, light and the many
other items that figure in the opera-
tion of a modern store, and it is all
more than similar costs in smaller
communities.In addition to all the advantages
that accrue from patronizing home
merchants, this matter of cost is one
that figures most in the question of
trading at home.Though the prices and the goods
may look well, they won't stand up
under cold logic, because the big
city store can't under-sell the small
town store, quality and style being
equal.

Wage Earners Collecting

A marked difference is seen in the
class of people now holding the se-
curities of our great corporations
and the holders of such securities a
few years ago.In 1917 dividends collected by
wage earners amounted to but
9.5 percent of the total. In 1918,
this figure had risen to 14.1 percent
and by 1921, to 22.7 percent of the
whole.The number of stockholders in
the country increased from 4,400-
000 in 1900 to 14,400,000 in 1923,
while the average number of \$100
shares per stockholder decreased
from 140 to 50.

Stewart's Washington Letter

BY CHARLES P. STEWART

NEA Service Writer

WASHINGTON—Why won't
the "powers" come to Presi-
dent Coolidge's disarmament
conference? They came to Presi-
dent Harding's and were glad to
disarm—partially. When President
Coolidge suggests another confer-
ence, to disarm some more, they
turn him down. Why?Well, President Harding was in
a position to say, substantially,
"America has the world's strong-
est navy. Our warship-building
program will make it stronger still.
You can't catch up. You're broke.
We're gold poor. But if you'll
scrap a few million dollars' worth
of your ships, we'll scrap a few
hundred millions' worth of oursand we'll be on an even basis.
What say?" Naturally the others
agreed.What President Coolidge says is,
"England, the way this thing has
worked out, you're ahead of us in
battleships. Japan, you've out-
built us in cruisers. France, your
air fleet beats ours a mile. We
invite you to scrap yourselves
down to our level." "Ha, ha,"
chorus the governments of Eng-
land, France and Japan.PRESIDENT COOLIDGE is
sending a commission to Bue-
nos Aires to stir up South
American good roads sentiment,
for the benefit of North American
makers of highway construction
machinery and automobiles. This
has been tried again and again. It
won't work—anyway not now and
maybe not for years.South America looks like a good
place for such trade activity, roads
there being few and very bad.
However, they suit South Ameri-
cans, who aren't in a hurry, as
North Americans are. If the roads
are too bad to travel one day, a
later day does just as well.Besides, the population is too
thin to afford much road work. If
it's explained that roads must
come first and then the country
will fill up, like the United States,
the answer is, "That's the very
thing we don't want"—also the
very thing North Americans seemis passing rapidly into the hands
of the wage earners, not by a wave
of the political wand, but by sound
business methods.

RUSHVILLE TENNIS CLUB ORGANIZES FOR SUMMER

Officers Are Re-Elected and Preparations Made For Active Season —May Bring Star Here

COURTS WILL BE REPAIRED

The Rushville tennis club was organized Tuesday night for the coming season, and the officers that had carried the club through last year were again elected. Dr. D. D. Drago is president and Oliver Cartmel is secretary and treasurer.

At the meeting it was decided to start work at once on the courts in the city park, repairing the back stops and putting things in first class shape. The annual dues were fixed at \$4 and a campaign for membership is being launched so that all tennis fans will have an opportunity of being enrolled.

Among the features planned for the summer is the appearance of Johnny Hennessy, well known champion, who will be here probably in May for an exhibition. All tennis fans who are anxious to become affiliated with the club, are urged to make application at once to Dr. Drago or Mr. Cartmel.

Says Indian May Beat Nurni

By HENRY L. FARRELL (United Press Sports Editor)

New York, April 22—Charley Paddock, the fastest man in the world at a short distance, believes that no white man lives who can beat Paavo Nurmi, the world's champion distance runner, in any race of a mile or better. But he has an opinion that Nurmi can be beaten and that he might be beaten when he reaches the Pacific Coast on the tour that he is now making.

In a story, written on the tour he is taking around the world with Loren Murchison, Paddock expresses the opinion that one of several fine Indian runners in the West may beat Nurmi and he gives some interesting dope about his theories.

"Nurmi has swept our continent with his running victories," Paddock writes, "and no American has been able to check him. Our athletes have been forced back and back until at last only the champions of the Far West remain undefeated, and now they will take their last stand on April 25, with retreat impossible, and give their best to whip him."

"The Pacific Coast has centered its hope on the Indian runners. The white man has failed. His science and his generalship have not been enough to combat the stamina and the patience of Paavo Nurmi. It seems that he can only be beaten when some one of equal stamina and patience is placed against him. And so the Indian has been selected."

"Strange, isn't it, when you stop to think? Trace for a moment America's history, how the white men forced their way across plain and

over mountain, driving the original Americans from their homes back and back until they could retreat no farther. With science and generalship has failed this time, and the strength of the white man is not great enough to equal this enduring Finn. So we have turned to the red man again, and he has answered."

KEEPING ONE EYE ON THE SCORE BOARD

Yesterdays' Hero: Fothergill, Detroit outfielder, who went into the game against the Indians in the eighth and pounded out a single that brought Cleveland its first defeat 3 to 4.

Mogridge held the Athletics safe while the Senators pounded two pitchers hard in the last inning and won 5 to 2.

Old Sam Jones struck out eight Red Sox and allowed them but six hits, one of them a homer, the Yanks winning 6 to 2.

In a see-saw encounter, the Browns gained an even break with the White Sox, 9 to 8. There were no National League games yesterday.

Maun, coming from the Giants to Indianapolis, turned back the St. Paul Apostles in his debut in the American Association, 4-2.

Minneapolis surprised the Louisville Colonels with a rally in the ninth that netted six runs and won the game.

Kelly's single in the ninth with the bases full turned the trick for the Toledo Mud Hens and gave them a one point victory over Kansas City.

The Milwaukee-Columbus game was a slugfest, with 28 safe hits being poked out. The Brewers won with a margin of five.

Yesterday's Home Run Hitters

Robertson, Browns 1-2.
Pipp Yankees, 1-1.
Picinich, Red Sox, 1-1.
Tobin, Browns 1-1.
Stephenson, Cleveland 1-1.

Columbia, Mo.—B. Long, right handed pitcher for the University of Nebraska, tossed a no-run, no-hit game here when Nebraska defeated the University of Missouri 6 to 0. Long was wild, walking seven men.

SEEM TO GET ALL THE BREAKS

Detroit Ruins Cleveland's Winning Streak, But Indians Are Still Leading American League

By HENRY L. FARRELL (U. P. Staff Correspondent)

New York, April 22—When the third and last official opening of the baseball season comes to New York City today the fans are expected to turn out in vast numbers to welcome a team that returns to the Polo Grounds in the same league position as it finished the 1924 race—in first place.

The McGraw men are perched more or less comfortably atop the seven other clubs that compose the National League and with eight games to be played here with the Braves and Phillies, there is likelihood the arrival of May will see them with a commanding lead.

Western teams rave and rank about the freak of the schedule, but the Giants smile placidly and in a business-like manner have set about the hoped for task of annexing a fifth consecutive pennant.

The Giants will be helped in this by another prank played by the schedule makers. The Reds and Cardinals—in second and third place, respectively, will begin a four game series today. If these two clubs hold each other even, the Giants should have a three or four game lead before the week-end.

The situation in the American League was tightened somewhat yesterday when Detroit ruined Cleveland's winning streak of five straight and the Senators took a fall out of the Athletics.

The Indians still lead the league, but Bucky Harris' hirelings are tied for second place with the Mackmen.

The regular meeting of the Pythian Sisters was held Tuesday evening at the K. of P. hall. An important business session was held and the order decided to give a penny supper Friday evening, May 1, at the K. of P. hall.

A combined committee of the Red Men Lodge and the Pocahontas Lodge will entertain the remainder of the lodge members of the two orders with a pitch-in supper and indoor fair at the Red Men's Hall, Wednesday, April 29.

The Loyal Women's Class of the Main Street Christian church Sunday school held a meeting Tuesday afternoon in the parlors of the church. A short business meeting was held followed by an informal social period, and refreshments were served.

Mr. and Mrs. Ferd Retherford delightedly entertained Tuesday evening with a pitch-in supper at their home in North Main street. Fourteen guests enjoyed the supper and assembled around the card tables for an evening of bridge following the serving of the repast.

The Missionary Societies of the East Central district of the Baptist church held a conference in this city at the local church today. At the noon hour a splendid pitch-in dinner was served and the program given this afternoon was in charge of Mrs. Fred Arbuckle of this city. Short talks and a business session relative to the welfare of the societies were the principal features of the program.

Miss Margaret Kelley was a delightful hostess Tuesday evening when she entertained the members of the Immaculata Sodality of the St. Mary's church at her home in West First street. During the business meeting it was decided to hold a cake sale, May 2. The next meeting will be held at the home of Miss Mary Mullins, Tuesday evening, April 28. At the close of the meeting last evening dainty refreshments were served.

The Missionary Society of the First Presbyterian church held a splendid meeting Tuesday afternoon at the home of Mrs. Hugo Schmalzel in West First street. Group No. 2 had charge of the program with Mrs. John Morris as the leader. The subject discussed was "The National, American and Foreign Negro," and several interesting papers were read on the topic. At the close of the program the hostess assisted by Mrs. Lee Pyle, Mrs. John Morris and Mrs. B. O. Simpson, served dainty refreshments.

The Rushville Rebekah Lodge will observe the Odd Fellows Reconciliation Week with an entertainment fostered by the April Social Committee at the Odd Fellow Temple, Friday evening after the regular lodge session.

A varied program has been arranged with talent that has not heretofore appeared locally, consisting of music, vocal and instrumental, readings and monologues. The Melroy Male quartet will sing and a novelty musical number is promised, which will be out of the ordinary. The program will begin at 8:30 o'clock. Each member of the Rebekah Lodge is requested to bring a pie and sandwiches.

OUR OBLIGATION TO THE HOMESICK

Many vocations and avocations in our midst come under this list of persons suffering from this almost incurable malady—homesickness, but the author's mind rather hovers about our teachers who have left their own familiar communities to come and serve our local youth.

To be sure preachers are similarly situated and we desire to include them but club women could well give this situation the consideration which is due it in our locality. Because these persons are paid we sit back sublimely content imagining that the strangers in our midst can thrive on memories of home at the exclusion of any effort on our part to alleviate the inevitable longing for the scenes and activities which had become a part of their life.

Homesickness finds a specific lure only when the new surroundings begin to take on the homelike warmth and it is up to us, more than any other group (Unless it be the religious groups), to make his warmth for these strangers, especially the ones who have come in primarily to serve our higher interests. Parents of school children should invite members of the faculty into their homes acquainting themselves mutually with each others aims and failures, so that a friendship is formed that will make life more normal and pleasant. Out of such an interest a greater efficiency will come because contented hearts give forth a fuller service.

As club women we can not deny this obligation which so justly faces us and it is the author's hope that this remainder will lead to the healing power which comes of personal interest in these cases of homesickness which come under our notice.

BOY'S AND GIRL'S CLUB WORK IS GIVEN RENEWED IMPETUS

Importance of Organizing Young People for Definite Work Recognized From Beginning

CORN CLUB BIG ACHIEVEMENT

Boy's and Girl's Barrow Club, New This Spring, Expected to be Productive of Results

SIX TOWNSHIP ORGANIZED

Girl's Sewing, Canning and Baking Clubs Functioning—One Formed in Rushville High School

The importance of organizing farm boys and girls into definite clubs on a voluntary basis has been recognized from the beginning by far sighted community leaders. A strong incentive is supplied by the club organization, during a time of ready acceptance of new ideas, through satisfying the instinct usually developed during the adolescent period; whereby young folks like to organize and direct the things that concern themselves. Through such organization, farm boys and girls are gaining a broader conception of the farm and home work, which they are doing in their respective communities.

The boys' and girls' club work has made great headway in Rush county during the past year, the greatest single step in this direction being the formation of the boys' corn club, with 115 members representing every township in the county.

The boys' and girls' barrow club, formed this spring and to terminate in a show in September, is a new experiment in Rush county that is expected to be productive of great results.

Girl's baking, sewing and canning clubs are going forward with greater enthusiasm than ever before in

CORN CLUB NOTES

During the program April 8, Argus Wagoner suggested that "the corn club boys should go into the club with the idea of winning, and make the competition so close that the boy who does win can fully realize that he has been in a real race." From all reports the boys are taking Argus at what he said.

All of the boys have heard the story of the rainbow and the pot of gold. We have hoped that the majority of these boys will see the end of the rainbow coming down sometime this summer just over the barn in the corn plot.

No Rush County boy will lack the necessary encouragement from his father, neighbor and sponsor. The Rushville business men are financing the boy's club, but most of them are expecting to learn from the boys some of the secrets of successful corn growing before the summer is over.

The committee assigning sponsors evidently overlooked the fact that Link Gary believes everything comes from Posey township. Link has been assigned an Orange township boy. However, since getting acquainted with his boy and the farm, he has taken new hope. Mr. Gary was recently told that his boy always goes the second mile with all his work.

George Wiltse and "Dick" Booth are having many problems to meet in attempting to outdo "Dick's" father. His father, Leonard Booth, north of Milroy, has held the silver cup for the highest yield in Rush county for the past two years in succession. We are watching the boy this year.

Raymond Hargrove has promised all necessary drugs to his boy in producing a first class crop.

Names of Boys and Girls in Rush County Engaged in Club Work, Nature of work and the Club Leaders

Every township in Rush county is represented in the 1925 Boy's Corn Club, which is being fostered by the Rushville Booster's Club and which will terminate at the annual Rush County Corn show, when each boy will enter corn in the Boy's Club class and will also return sixty selected ears to be used as seed for next year's club.

Six townships in the county are organized for girl's canning, sewing and baking clubs, and a seventh club has been added with the organization of one in the Rushville high school by Miss Ruth Grishaw, home economics instructor.

Walker township leads the enrollment in the Boy's Corn Club, with eighteen boys actively taking part this year. Noble township is second with sixteen and Ripley and Orange each have twelve enrolled. Posey and Anderson are next with ten each and Richland has nine and Center eight. Washington has seven and Jackson six and Rushville is low with three enrolled.

Ripley township leads in girl's club enrollment with thirty-one and Center is a close second with twenty-three.

The enrollment in all of the boy's and girl's clubs of the county follows, the boy's corn club coming first, by townships. The boy's name and address is given first and immediately following each is the sponsor, a Rushville business man who has agreed to watch the boys corn club work and encourage him in every way possible.

RULES ARE MADE FOR BARROW SHOW

County Feeding Club Will Terminate This Fall With Display of Pigs Here September 5

FOUR CLASSES IN LIST

Rules Also Set Out Attractive Awards For Boys and Girls Making Best Records

Rules and details governing the Rush County Barrow feeding club which will terminate September 5 with a show, were announced today, and prizes listed for the successful winners in four divisions.

The club work in the county is being sponsored in two divisions by the American National bank, and in the other two divisions by the Rush county Farm Bureau. The first two classes are open for pig club barrows from pure bred recorded sire and dam of same breed, and the winner will be eligible for the state fair show.

In the third and fourth divisions, it is open to pig club barrows from pure bred breeding stock, of the same breed whose dam is not recorded, but the sire may be.

Attractive awards have been announced, with the winners in the first and second divisions receiving trips to the state fair camp, and in the other two classes, the Farm Bureau has announced cash awards.

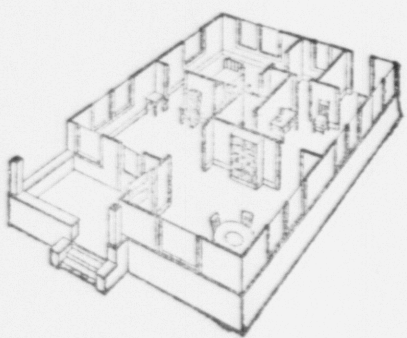

The rules and regulations for the feeding club, leading up to the barrow show, are as follows:

1. Open to all Rush county boys and girls who are 10 years of age and not more than 19 on July 1st, 1925.

2. Each contestant may select one two or three barrows, feed and care for them and at the end of the fitting period make his selection for show. In classes other than pen shows no boy or girl will be permitted to show more than one pig. These barrows must be farrowed on or after March 1st, 1925.

3. Pigs must be weighed individually.

You can build a mansion or a bungalow and put as much money as you want to in either. For the past many years Rushville people have put all the money they could possibly get hold of into houses they have built, because they were building to live in themselves. BUT NOW YOU MUST BUILD FOR SOMEONE ELSE, AND WE WILL SHOW YOU IT WILL BE THE BEST PAYING INVESTMENT EITHER TO BUILD TO SELL OR RENT. WE can show you that a livable house can be built for as low as \$1200.

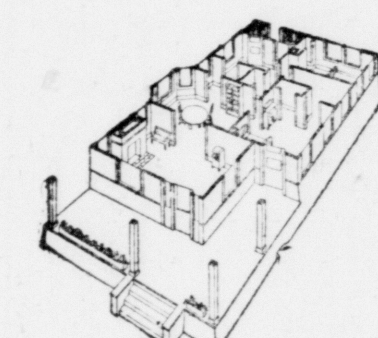

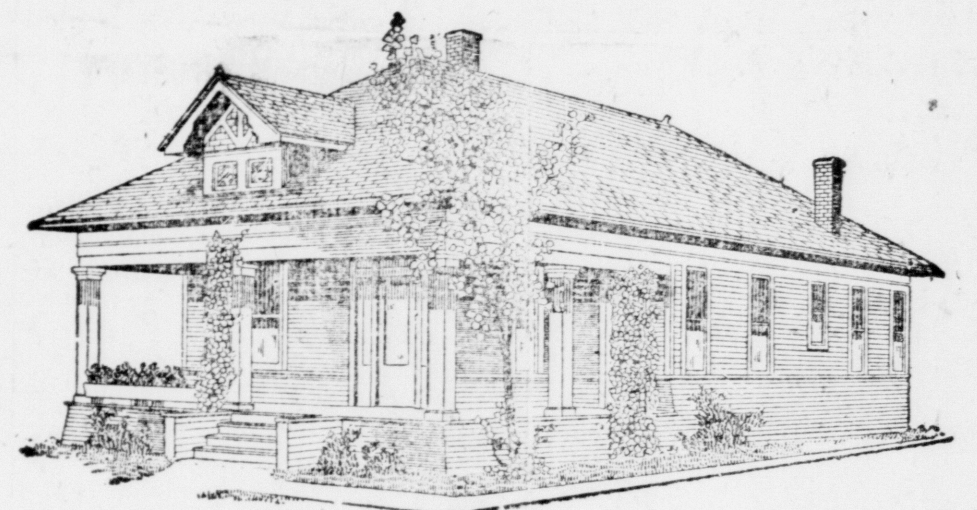

What Does It Cost to Build This House?

(These Prices Cover All Costs Except Cost of the Lots)

There is a prevailing idea here that a house cannot be built to rent and call it a good investment. We can quickly prove to you that this is a wrong impression, and show you that it will not only be a good investment, but the best investment you could make today.

Boy's and Girl's Club Work Is Given Renewed Impetus

(Continued from Page Seven)

the history of the county. The success of Helen Wissing of Walker township, in winning the state championship for canning last year, has served as a great impetus in girl's club work.

There are now clubs in Orange, Union, Walker, Center, Jackson, Posey and Ripley townships and one has also been formed in the Rushville high school by Miss Ruth Grishaw, home economics instructor.

Last January at the regular monthly meeting of one of the township farm bureaus, the newly elected chairman said, "We all realize that we are living in the best township in Rush county, but in order to prove that to the county we must all do some outstanding piece of work during the coming year."

During the past two years this same township has produced the heaviest ton litter yet produced in Indiana; also the best 10 ears of yellow corn grown in Indiana; also the best 10 ears of yellow corn grown in Indiana in 1924. It is wondered what this township chairman is expecting from his people this year. It is quite evident that he has many community leaders promoting different projects. These same leaders have the attention of the rural young people focused upon the activities of the community as a whole and their best efforts are enlisted.

Community consciousness is also aroused, leading to the development of community responsibility and citizenship on the part of the boys and girls, as well as the adults. This will make farm home life more comfortable and the social life of the community richer and more enjoyable, it is pointed out. It will quick-

en and satisfy the desire for service. Moreover, these activities develop the attitude of the mind toward the work of the home, the farm and the community, thus fitting young people for their places as useful members of society in any environment.

Notice to Creditors of American Paper Products Company:

You are hereby notified that the undersigned was by order, dated February 6, 1925, of the United States District Court of the Eastern Division of the Eastern Judicial District of Missouri, in the case of St. Maurice Paper Company, Ltd., plaintiff, versus American Paper Products Company, defendant, cause No. 6842, in equity, appointed Special Master and authorized and empowered to ascertain and report to the Court a list of all the creditors, secured and unsecured, together with a statement showing the name and amount of their respective claims. Said order further directed that said Special Master be and he is hereby authorized, directed and empowered to investigate, hear proof, and report on all claims made and filed by said claimants, both as to correctness and validity of all such accounts, debts, and claims, and also as to lien and priority, if any, thereof; and that all parties having such accounts, debts or claims file their claims on account thereof with the said Special Master within a time to be fixed by him, and that said Special Master be thereby directed to give public notice, by publication, once a week for four successive weeks in some paper of general circulation published in each of the cities of St. Louis, Missouri, and Rushville, Indiana, of the time within which said accounts, debts and claims shall be filed, and also give similar notice of the time and place in the City of St. Louis, Missouri, within which all of said claimants will be given an opportunity to present and make proof, before said Special Master, of the accounts of their respective claims, and the lien and priority, if any, thereof, and to present their objections, if any, to the allowance of claims of other creditors presented to said Special Master, which said hearings the said Special Master may adjourn from time to time and from place to place, as in his discretion he may deem proper and necessary, and further, that all the Solicitors of record in this cause be informed of the time and place of any of said hearings, and for the taking of said account and the discovery of the matters aforesaid, all creditors, both secured and unsecured, are ordered to produce proof of their respective claims and submit to such examination in respect thereof as the said Special Master may direct.

That said Special Master was directed to proceed under said order with all reasonable diligence, and make and file his report of all accounts, debts and claims which have been filed and presented to him, and that all Solicitors of record in this cause, as well as Solicitors of record of the parties presenting said accounts, debts and claims, be notified by the Special Master, in writing, of the filing of said report or reports, and that any of the said parties desiring to make or reserve exceptions to said report or reports, or any part thereof shall be required to file same

When Better Automobiles Are Built, Buick Will Build Them

No.3

Question: *Why are motor car dealers glad to see you when you have a Buick to trade in?*

Answer: They know that if they get it, they can sell it quickly—at a good price. Buick reliability has made Buick a first choice in the used car market.

ABSOLUTE LAW ENFORCEMENT—I promise the citizens of Rushville that I will enforce all laws so long as they are on the Statute Books and that in so far as it is within my power, I will see that officers are appointed who will, without fear or favor, enforce the law.

MAINTAIN WATER & LIGHT PLANT—I promise to maintain the Water and Light Plant as a City owned plant, with rates as low as is consistent with the service given and the proper operation of the plant, and to fight any attempt of any person to do away with the plant as a city plant and sell it to private individuals.

CITY & COMMUNITY PROGRESS—I promise to do all within my power, consistent with the best interests of the good people of Rushville, to further the growth of this city, to bring new industries here and to develop present industries, to the end that Rushville may become the thriving city that it should be.

TAXES—I promise that I will personally investigate each and every proposal which would increase taxes, and oppose those that are not absolutely necessary for the benefit of the city, and to see that taxes collected, are properly expended, and that the citizens of Rushville receive full value for every dollar of their money so expended and to see that taxes are, at all times, kept to the lowest possible limit.

WILL DILL QUILTS AS DRAIN ENGINEER

He and City Council are Unable to
Agree Regarding Plans to Enclose
Hodge's Branch

COUNCIL REFUSES TO GIVE UP

Pedestal Lights Will be Installed on
South Side of Public Square by
Merchants

The enclosing of Hodge's branch by means of a sewer, which has been under consideration for some time by the city council, was taken up again Tuesday night when the regular session was held, with the result that Will Dill, the engineer employed for the work, resigned because of disagreement with the council.

The open drain has been the cause of much trouble, and all efforts on the part of the city council have failed to get results, although the council is anxious to push the work through, and remedy the affair.

The matter has been in court and halted on several occasions because of nonattendance. Recently the council employed Mr. Dill, civil engineer, who was ordered to draw up plans and make a report so that the project could get under way.

The plans of the council called for the enclosing of the open drain with a concrete sewer from Ninth street to the Big Four railroad bridge, below Seventh street. In this way, the sewer would be covered over with dirt, abolishing all of the wooden bridges and doing away with the unsanitary and unsightly appearance of the ditch through the residential section.

The plan of the council was to bring this concrete sewer to the Big Four bridge, and then empty the water into the present channel, as it has been the contention of engineers that the bridges of the traction company and the Big Four were not large enough to permit the flow of water in flood times.

Mr. Dill accordingly made a preliminary report several weeks ago, and at the last meeting of the council made a still further report in which he stated that the bridge of the railroad was not large enough but that the engineers for the railroad contended it was sufficient.

Mr. Dill's point was to obtain an outlet for the water first. Opinions of the engineers differed on the matter of the water shed and flow of water. The railroad suggested that an expert hydraulic engineer be consulted, and it was upon this plan that Mr. Dill urged the council to

LEGION POST TO MARK ALL SOLDIER'S GRAVES

Places Order For Bronze Markers
for World War Veterans and
Gray Iron For Civil War

SOCIETIES ASKED TO HELP

Rush post No. 150, American Legion, has decided to mark all soldiers' graves in Rush county before Memorial day, it was announced today by officers of the post.

Graves of veterans of the World War will be marked with a bronze grave marker and the graves of veterans of the Civil War will be designated with a gray iron marker.

An order has been placed for the bronze markers, it having been estimated that thirty-five will be sufficient to mark all of the graves of ex-service men of the late war in East 11th cemetery and other burying grounds in the vicinity of Rushville.

A contract for the iron markers, 150 in number, has been let to the Arbuckle foundry of this city and they will be ready in ample time for Memorial Day.

The co-operation of all patriotic societies in the county is asked by the Legion post in locating the graves of war veterans of both wars. Those knowing of graves that might be overlooked are asked to notify Raymond Benning, post commander, or Russell Dearing, post adjutant.

TWO MACHINES IN COLLISION

Packard and Ford Come Together
at Street Intersection

Two machines collided at the corner of Second and Harrison streets Tuesday evening, and both were damaged, but the occupants were not injured.

One machine was driven by Frank Hamilton of Indianapolis and was a Packard roadster. The other car was a Ford coupe driven by Miss Esther Anderson, living south of Rushville. The roaster had a disc wheel broken and the rear fender dented. The coupe also was damaged and had to be taken to a garage for repairs. Patrolman Havens investigated the accident, but no blame was placed.

MANILLA CLASS IS AN HISTORIC ONE

Largest Group of Seniors Ever Receiving

MILROY HAS EQUAL NUMBER

Commencement Exercises For Graduating
Class of 19 Will be Held
Thursday Evening

The largest graduating class in the history of Manilla will leave the school Friday night when the annual commencement exercises will be held, and diplomas given to 19 students.

The address will be delivered by Dr. Robert J. Aley, president of Butler college. Tonight the annual Junior-Senior reception is being given at the school building, with a banquet and program featuring the evening.

The class roll this year includes the following 19 seniors: Waldo Brown, Ray Brown, Wilma Carr, Donald Cannon, Loren Davis, Mary Frances Edwards, Delphia Mull, Helen Solomon, Esther Solomon, and Bertha Wicker.

With Manilla having 19 graduates, Milroy also is not to be outdone, and has announced the same number, with exercises being on Thursday night at the school auditorium. D. K. Stewart of Columbus, a lecturer, has been secured and will deliver the commencement address.

The 19 seniors at Milroy will be: Leland Anderson, Dorothy Billings, Louise Davis, Ruby Kitchen, Ruth Kitchen, Robert Kinnett, Marie Martin, Fern Morrison, Howard Overleese, Pauline Patton, Pauline Piper, Edna Perrigo, Helen Pike, Cecil Pike, Eric Readmond, Charles Seight, Mable Stewart, Paul Tremain and Smith Vanosdol.

Professor Santer will award the diplomas.

The class motto is: "Build for character and not for fame." The colors are old rose and silver and the flower sweet peas.

Raleigh also will hold their exercises on Friday night, with the address being delivered by the Rev. Gibson Wilson of this city.

The Arlington commencement was held Tuesday night with Dr. H. N. Sherwood delivering the address. New Salem will graduate four seniors tonight.

After this week, the schools in the county will be closed for the most part. Richland will have an eighth year commencement April 30 followed by the Carthage commencement May 8. The Jackson township commencement will be May 13.

SPRINGTIME MADNESS

ORDINANCE DOES NOT APPLY TO FARM PRODUCE

Section Four of City Peddlers Law
Specifically Exempts Farmers
From Its Application

ITINERANT MERCHANTS HIT

Some misunderstanding exists, it was reported today, regarding the effect of the ordinance passed recently by the Rushville city council, regulating the business of itinerant merchants and solicitors.

The misunderstanding is due to misinformation that has been spread over the county to the effect that the ordinance prohibits Rush county farmers who wish to sell farm or dairy products in Rushville. Section 4 specifically exempts them in the following language:

"That the provisions of this ordinance shall not apply to sales to dealers by commercial travelers, nor to sales by producers of farm or dairy products."

The ordinance was passed under suspension of the rules on Tuesday evening, April 7, and became effective last Friday, April 17, after having been published twice as provided by law.

59 POLICEMEN APPEAR TO RECEIVE SENTENCE

Cincinnati Officers Charged With
Receiving Bribes on Liquor Sales
Brought into Court

FIRST ONE FINED \$2,000

Cincinnati, Ohio, April 22—Fairly battling their way through crowds which jammed the court room, 59 policemen and dry agents appeared before United States Judge Smith Hickenlooper today to be sentenced as grafters.

Hickenlooper took up their case individually.

His promise of leniency for the 59 men who confessed to accepting bribes and bootlegging didn't mean anything for Louis Sunderman, a flying squad detective and the first man sentenced.

Sunderman was given 18 months in prison and a fine of \$2,000, as stiff punishment as was received by any one of the three other grafters who were convicted.

The flying squad detective confessed that he received more than \$17,000 in bribes to permit liquor to flow freely in his district of Cincinnati.

A review of Rush county Boys' and Girls' club work will be found on pages 7 and 8 of today's paper, together with a group picture taken at the gathering in the court house when corn was distributed to the 115 members of the Boys' Corn Club and boys and their dads were guests of the Rushville Boosters' Club.

The review covers the activities of the boys' and girls' clubs contemplated for the year and the names of boy and girl enrolled in the work.

MRS. LORA CONWAY, 59, DIED THIS AFTERNOON

Wife of G. V. Conway, Expires at
Her Home Following Several
Weeks Illness With Jaundice

LEAVES HUSBAND AND SISTER

Mrs. Lora Conway, wife of G. V. Conway, who has been seriously ill for several weeks at her home, 526 North Main street, died this afternoon at two o'clock.

Mrs. Conway was born in Rush county, and resided here all of her life, spending most of the time in this city. She was 59 years of age. She was taken ill about three months ago, suffering with an attack of jaundice, which gradually developed into liver complications. Her condition grew extremely worse during the past few weeks, and hopes for her recovery were abandoned.

The deceased was a member of the Main Street Christian church, and was a well known woman of this city. She is survived by her husband, and one sister, Mrs. William Rees of Greenfield. She also leaves a number of nieces, cousins and other distant relatives.

The funeral services will be held at the late residence on Friday afternoon at 1:30 o'clock, with the Rev. L. E. Brown of Wilmington, O., formerly of this city, officiating at the services. Burial will be made in East Hill cemetery.

GARY DEFENDANTS MUST SERVE TERMS IN PRISON

Mandates For Immediate Arrest of
Former Officials and Others Received Today

27 MEN AND FOUR WOMEN

(By United Press)

Indianapolis, Ind., April 22—Mandates for the immediate arrest and imprisonment of twenty seven men and four women, whose appeals were lost in the Gary booze conspiracy case, were received today by William Kappes, clerk of the federal court.

Prison warrants were being made out and given to U. S. Marshal Meredith, who will serve notice for the thirty-one to appear at once. All are out on bond.

Roswell O. Johnson, former mayor, will serve the federal prison at Atlanta for a sentence of eighteen months.

Others who go to Atlanta and who will serve sentences of a year and a day each are: Lewis E. Barnes, president of the Gary Board of Works; Clyde Hunter, former Lake county prosecuting attorney; Dwight M. Kinder, former Lake county prosecutor and Blaze A. Lucas, attorney.

Petitions of the convicted men for a rehearing were overruled by the circuit court of appeals at Chicago and by the United States Supreme court.

AUTO ACCIDENT INVESTIGATED

Wayne County Mishap Costs Life of
Nine-Year-Old Girl

Richmond, Ind., April 22—Coroner Bend of Wayne county today started an investigation of the auto accident which cost the life of Charlotte Rust, 6, of Whitewater, last night.

The auto in which the girl was riding with her parents, Mr. and Mrs. William Rust, collided near Fountain City with a machine driven by Dr. Earl Sturgis, of Bluffton.

Mrs. Rust was injured and was taken to a hospital in Winchester. Other occupants of the two autos escaped injury. Both machines were practically demolished.

PROWLERS WITH FLASHLIGHTS

Prosecutor Remy Prepares Arguments
to Combat Plea for Release
of Stephenson and Aids

(By United Press)

Indianapolis, Ind., April 22—A close watch was being kept by police today over the home of George Oberholtzer, father of Miss Madge Oberholtzer, whose death lead to indictment of D. C. Stephenson and his two aids on a murder charge.

Police Inspector White ordered patrolmen to keep watch on the house following reports that a mysterious group of men was seen loitering about the home. White directed the patrolmen to arrest any suspicious character found in the neighborhood.

Neighbors of the Oberholtzer family said they saw several men prowling about the house last night with flashlights. The Oberholtzer house is only a few blocks from the Stephenson house, which was badly damaged last week by fire said by police to have been of incendiary origin.

Prosecutor Remy assisted by Charles Fox, former supreme court judge, was busy preparing arguments which will be heard next Monday on the plea of Eph Inman, defense attorney, for release of Stephenson and his two aides, Earl Klenck and Earl Gentry, on parole pending trial.

Although Remy refused to reveal the line of the prosecution's fight lawyers pointed out that so far as is known no similar set of circumstances which led to the murder indictment has arisen in the history of the American bar.

Report of Fire Chief O'Brien on the blaze at the Stephenson home was turned over to the state fire marshal today. O'Brien said a bed in the garage at the home was occupied at the time the blaze was discovered or had been occupied a short time before. The covers of the bed were tossed back as if the occupant had left in a hurry and the bed was still warm, O'Brien said.

NOT TO REVISE TARIFF ACT

Sen. Watson and Other Leaders Oppose to Tinkering with Law

Washington, April 22—Senator James E. Watson, a member of the finance committee of the Senate and a recognized authority on the tariff, believes with President Coolidge and Senator Butler, the latter the Republican national chairman, that there should be no revision of the existing protective tariff act, which has proved so beneficial to the country, at the next session of Congress. President Coolidge is an ardent protectionist and his views on the tariff are in strict accord with those of Mr. Watson, assistant leader of the Senate.

It is the view of both Senator Watson and the President that the next Congress should apply itself first of all to tax reform as well as tax deduction. The economy program is paving the way for further tax reduction—the fourth since the Republican party came into power March 4, 1921. It is recognized that the greatest stimulant to business is tax reduction.

QUOTA IN COUNTY HAS BEEN FILLED

Eight Rush County Boys Accepted
for Annual Citizens' Military
Training Camp

7 NAMES ARE ANNOUNCED

Although Quota is Filled, More Applicants Have a Chance to Fill
Shortage in the State

Seven young men of Rush county have applied for enrollment in the annual Citizen's Military training camp for young men, according to the commanding general Omar Bundy at Ft. Hayes, with the quota of Rush county which is eight, being complete. One applicant was previously received.

The seven who have applied for the annual summer outing are as follows: John W. Beaver, 324 North Morgan street; Herman H. Boring, RFD 3; William A. Caldwell, 221 North Julian; Frank H. Green, 912 North Main; John J. Joyce, 510 West First; Charles R. Seigrist, Milroy; Clarence W. Womeldorf, 317 North Spencer.

The list of applications is being received for the Fifth Corps Area in fine shape, with this division leading all other areas for enrollments. Because of the fact that the quota for Rush county has been filled, further applications will be received and applicants will be used from here to fill up deficiencies from other counties.

Other boys who are considering the plan, are urged to make application at once, by writing for the necessary blanks to Omar Bundy, C. M. T. C. officer at Ft. Hayes, Ohio, or applying to H. B. Allman, superintendent of the Rushville public schools.

West Virginia, leading the local corps area, is the first state in the United States to complete its quota for the camps this year. The Mountain state however, is continuing enrollment having already exceeded its allotment by 12 percent. Kentucky follows with 76 percent, Ohio is next with 65 percent, and Indiana has about half of her quota.

Convinced by investigation and personal observation that there is nothing militaristic about these camps and that they fill a long felt need for a National school of mental and physical development, educators, women's clubs, business men, the newspapers and public-spirited citizens everywhere are rallying to the support of the C. M. T. C., says General Bundy.

Young men between 17 and 24 years of age, physically normal and of good character, are sent to the camps by the Government. Railroad fare is even paid both ways. There are no strings attached to the offer, the young man remains a civilian throughout the training.

MRS. EPSON SINGLETON DIES AT THE AGE OF 21

Young Married Woman is Survived
by Husband, Three Small Children and Her Parents

ILL WITH DOUBLE PNEUMONIA

Mrs. Florence Martin Singleton, aged 21 years, wife of Epsom Singleton, died Tuesday night at 11:45 p. m. following a week's illness of double pneumonia, at her home, 813 West Tenth street.

She had been a resident of this city all her life and was the daughter of Mr. and Mrs. Eli Martin of this city. Besides her parents and husband, she is survived by three children, Charles age 4, Betty Ann, age 3, and Bobby, age 2; four sisters, Mrs. Frank Braham and Mrs. George Luke of Newcastle, Ind.; Mrs. Pearl Downard and Mrs. John Robertson of this city; and two brothers, Albert Martin of Cambridge City and Walter Martin of Mays.

The funeral services will be conducted Thursday afternoon at 2:30 o'clock at the Church of God and burial will take place in the East Hill cemetery.

WILL DILL QUILTS AS DRAIN ENGINEER	
Continued from Page One	
He read offers from such experts who made flood waters and solutions their business, but the councilmen could not see the object of the affair, and after an argument in the matter, Mr. Dill told them to employ someone else on the job, and that he was through.	
This left the proposition where it has always been, but the councilmen are determined to find a solution to the trouble in some way. They will meet again tonight to discuss plans, and another engineer will probably be employed to carry out the wishes of the council.	
The drain matter was the most pressing of business before the council, with only the routine of other business coming up. An effort to obtain 12 or 15 car loads of cinders for the improvement of alleys, will be made, and negotiations along that line will be started.	
It was announced that the pedestal lights on the south side of the public square will be installed by the merchants, and A. T. Mahin, water and light superintendent, was instructed to follow the regulation plan of distributing them along the street.	
The light posts will be set 40 feet apart, and the cable for lighting them will be placed underground. Three posts have been bought for the East First street plan, and an effort to complete the block will be made by asking the county commissioners to buy one to be placed in front of the jail.	
The lighting system is expected soon to be followed west in First street to Morgan, then north to Third, and back in Third to Main, completing a much needed circuit for that territory.	
Complaint concerning the exposed basin that once housed the artificial gas plant in South Jackson street, was made to the council. The large open tank is filled with water, and is not fenced off, so that children in that vicinity are in danger of falling into it. The clerk was instructed to notify O. L. Carr to drain the water or fence the tank.	
Persons obtaining permits to open the streets for sewer and water connections, will be required, in the future also to notify the fire department, so that firemen will know what streets are blocked or partially blocked by such excavations.

"Locked Doors," Castle
Betty Compson, Theodore Roberts, Kathryn Williams, Theodor von Eltz and Robert Edeson are featured in the cast of the William de Mille production of "Locked Doors" for Paramount. It's an original screen story by Clara Beranger, due at the Castle theatre on today and Thursday.

The story is one of a beautiful young girl who marries a wealthy architect many years her senior. The marriage is a loveless affair for the girl, entered upon more for the fact of assuring her elderly and crippled father of a comfortable home than anything else.

Theodore Roberts has the role of Betty's father in the production. It is his first screen role in a year and it is said to rival even his character, "Grumpy", Edeson is Miss Compson's husband in the picture and Theodor von Eltz has the role of the young fellow Betty meets and falls in love with. Kathryn Williams is well cast as the architect's sister who sees that her brother is unhappy and in trying to smooth things over complicates matters the more.

Norma Talmadge at Princess
Norma Talmadge and Thomas Meighan both have roles in "The Only Woman", Norma's latest First National photoplay.

Meighan, who was last seen in "The Heart of Wetenah," recently arrived in Los Angeles and came over to Norma's set to visit with her. Director Oleott immediately fixed Meighan up with a job.

Norma was making a scene aboard a yacht and Meighan became a member of the crew. Meighan jumped into his role with such great fervor that Oleott told him to stick around and I'll build your bit up into a good part.

"The Only Woman" is Norma's first photoplay since "Secrets." Reversing the theme of a parent's sacrifice for a son or daughter, "The

Only Woman" tells the story of a girl who surrenders herself in marriage for her father's sake.

Eugene O'Brien has the leading male role. The picture will be at the Princess theatre today and Thursday.

Your Neighbor—the BIG FOUR

You own property, pay taxes, engage in productive work and do your part in promoting the welfare of your community. These are duties and privileges of citizenship.

Our railroad system—the Big Four Route—like wise owns property, pays taxes, engages in productive work and does its part in promoting the welfare of this and many other communities.

The Big Four strives to be a good citizen and a good neighbor. It represents the cooperative effort of thousands of workers and investors, engaged in the public service.

The companies that make up the Big Four Route—an integral part of the great transportation system known as the New York Central Lines—paid in taxes last year \$5,320,698; they distributed \$40,000,000 in wages to more than 25,000 employees; and they expended for materials and supplies for operation, maintenance and new construction more than \$36,000,000.

The Big Four Route not only renders a useful and indispensable service as a public carrier, but is a builder of prosperity through five of the most prosperous States of the Nation.

T. B. Gary Makes Record With Litter of Pigs

T. B. Gary, venerable farmer of Posey township who was 90 years of age January 15, boasted last fall that he was going to raise a ton litter that would put the "young fellows" to shame.

He has a Hampshire sow which farrowed twelve pigs October 21, 1924, and eleven of them were saved. Before they reached the limit, 180 days, for the ton litter, they passed a ton in weight. The eleven pigs tipped the beam at 2120 pounds on April 8 when 169 days old.

Mr. Gary self-fed them with corn and tankage and all of the sweet milk they could drink until they were three months old.

He has a spring litter of twelve pigs from the same sow.

RADIO CHATS WITH J. P. CROSLY JR.

JOSE guiding the destinies of radio in America should have these as their objectives:
A radio in every home.
The constant improvement of radio programs.

The one thing that may curb the American public's enthusiasm in radio is the abuse of radio broadcasting.

It is interesting to note already the influence of radio upon American tastes.

JAZZ has its place in American musical tastes. It is the only distinctively American music we have. It is today by far the most popular of all forms of music in the United States. But there are good jazz orchestras and bad ones. And bad ones which consist of "hoops" and a "thump-thump" are the ones that decrease interest in the better ones.

BUT jazz can be overdone and has been. That is why the American public is asking for better music. It is getting really interested in the better known of the grand operas, the standard overtures and the classics of years gone by. It is a good sign. One need never fear about the future of a country which is genuinely interested in good music. And good music does not mean the elimination of jazz.

Stations must exercise judgment in the amount of jazz that is broadcast.

And the exercise of judgment is the one thing needed to direct rightly the destinies of radio.

BIBLE THOUGHT

—FOR TODAY—

What God Will Do:—He will

swallow up death in victory;

and the Lord God will wipe

away tears from off all faces;

and the rebuke of his people

shall be taken away from off all

the earth; for the Lord hath

spoken it. Isaiah 25:8.

Prayer:—Give to each of us

whatever our name or nation,

the life that is in Christ Jesus

and then we shall both live and

rejoice evermore.

Apple Blossom Time

It is apple blossom time—not in

Normandy, as a popular song once

said—but right here in Rush county.

The apple blossoms—with their

fragrance and beauty are not ex-

celled by any fruit blossom.

Though frail, which does not

permit handling, they are a beauti-

ful picture, massed on trees that

dot the rural landscape. The tempta-

tion to pull them is strong.

No sight at this season quite

equals an apple orchard. It is a

mass of white, with pink tints that

lend a dash of color, so dainty that

it is at times difficult to distinguish.

Some people have been driving

miles to see a large fruit orchard in

Franklin county. They say it is an

inspiring sight, and one that is not

often seen because apple trees have

such an abundance of blossoms this

year.

An occasional apple tree is seen

in Rushville, but to get the real ef-

fect of their beauty right now, it is

necessary to go into the country.

The blooming fruit trees and the

leafing shade trees give evidence of

the bounteous blessings that nature

bestows in the springtime, when the

whole world seems in tune.

The city of Rushville is begin-

ning to put on its summer dress,

with bright green as the predomina-

ting color. The stately shade trees

that line the streets are arching

their large and spreading limbs high

into the air, and in some places

form an arch across the street.

Now and then the beauty of the

green canopy is destroyed because

of a jagged hole where some tree

butcher got in his nefarious work.

A few trees are stark and almost

naked, and they look as if, were

they able to speak, that they would

be making apologies for their ap-

pearance, in the presence of their

gorgeously arrayed brothers and

sisters.

ment and in the first article on the
subject he sets out that the cost of
doing business was 24 percent,
which was "6 to 10 percent less"than similar costs in large city de-
partment stores.
Here is a merchandizing fact that
few small town people take into
consideration when they are lured
away from their home merchants
by what they believe to be better
prices of the large city stores.Every merchant has to make a
profit; if he didn't he would soon
close his doors. The profit is added
to the cost of the goods and the
cost of doing business.The large city store may buy
merchandise to some advantage be-
cause of the demand for larger
quantities, but his other costs, are
far in excess of the small mer-
chant's.He has to pay rent, clerk hire, in-
surance, heat, light and the many
other items that figure in the opera-
tion of a modern store, and it is all
more than similar costs in smaller
communities.In addition to all the advantages
that accrue from patronizing home
merchants, this matter of cost is one
that figures most in the question of
trading at home.Though the prices and the goods
may look well, they won't stand up
under cold logic, because the big
city store can't under-sell the small
town store, quality and style being
equal.

Wage Earners Collecting

A marked difference is seen in the
class of people now holding the se-
curities of our great corporations
and the holders of such securities a
few years ago.In 1917 dividends collected by
wage earners amounted to but
9.5 percent of the total. In 1918,
this figure had risen to 14.1 percent
and by 1921, to 22.7 percent of the
whole.The number of stockholders in
the country increased from 4,400,
000 in 1900 to 14,400,000 in 1923,
while the average number of \$100
shares per stockholder decreased
from 140 to 50.

The ownership of our industries

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service WriterWASHINGTON—Why won't
the "powers" come to Presi-
dent Coolidge's disarmament
conference? They came to Presi-
dent Harding's and were glad to
attend—partially. When President
Coolidge suggests another confer-
ence, to disarm some more, they
turn him down. Why?Well, President Harding was in
a position to say, substantially,
"America has the world's strong-
est navy. Our warship-building
program will make it stronger still.
You can't catch up. You're broke.
We're gold poor. But if you'll
scrap a few million dollars' worth
of your ships, we'll scrap a few
hundred millions' worth of ours."HA! HA!
What President Coolidge says is
"England, the way this thing has
worked out, you're ahead of us in
battleships. Japan, you've out-
built us in cruisers. France, your
air fleet beats ours a mile. We
invite you to scrap yourselves
down to our level." "Ha, ha,"
chorus the governments of Eng-
land, France and Japan.PRESIDENT COOLIDGE is
sending a commission to Eu-
rope to stir up South
American good roads sentiment,
for the benefit of North American
makers of highway construction
machinery and automobiles. This
has been tried again and again. It
won't work—anyway not now and
maybe not for years.South America looks like a good
place for such trade activity, roads
there being few and very bad.
However, they suit South Ameri-
cans, who aren't in a hurry, as
North Americans are. If the roads
are too bad to travel one day, a
later day does just as well.Besides, the population is too
thin to afford much road work. If
it's explained that roads must
come first and then the country
will fill up, like the United States,
the answer is, "That's the very
thing we don't want"—also the
very thing North Americans seemto be passing rapidly into the hands
of the wage earners, not by a wave
of the political wand, but by sound
business methods.

(Houston Post-Dispatch)The Birmingham News declares
that Warren was "flatly rejected by
the Senate." And we suppose there
are others who hold that he was
roundly rejected. Would it remote-
ly be possible that he was squarely
rejected?unable to understand or even be-
lieve.WHILE the American Cotton
Manufacturers' Association
was in convention here, lead-
ing delegates called on President
Coolidge to tell him that the
country's industries want higher
tariff rates. In reply the presi-
dent told this story: "A dog,
with a bone in his mouth was
crossing a bridge. Glancing into
the water, he thought he saw an-
other dog with a bone in his
mouth, too. The greedy real dog
instantly dropped his real bone to
grab at the imaginary one. Just
as he dropped the water closed over
the real bone, and presto! no im-
aginary bone was there."HOWEVER, the rest of his auto-
safety plans may work out.
M. O. Eldridge, Washington's
new traffic director, has installed
one institution which is working
wonder. When an offender is ar-
rested there's no delay, no release
on bond, no chance to sidestep.
The prisoner is dragged into the
traffic court—which sits day andnight—as fast as a policeman can
get him there, red-handed, perhaps
with his breath still smelling, and
forthwith his medicine is ladled
out. In ten days the capital's
streets have been transformed.
From among the most dangerous
in the country, they have become
almost safe.THE CLYDE LINE of New
York has just launched an-
other ship at Newport News
for its coastwise trade between
Manhattan and Florida ports. The
Cherokee was launched some time
ago. Now the Seminole. Next the
Mohawk. They're fine craft, cost-
ing some millions apiece. Now,
why is the Clyde Line building
new vessels, with government-
owned ships cluttering American
waters, idle and for sale for a
song? The answer is that very
few of the government's ships are
worth the song.

INDIANAPOLIS TENNIS CLUB ORGANIZES FOR SUMMER
Officers Are Re-Elected and Preparations Made For Active Season—May Bring Star Here
COURTS WILL BE REPAIRED

The Indianapolis tennis club was organized Tuesday night for the coming season, and the officers that had carried the club through last year were again elected. Dr. D. D. Drago is president and Oliver Cartmel is secretary and treasurer.

At the meeting it was decided to start work at once on the courts in the city park, repairing the back stops and putting things in first class shape. The annual dues were fixed at \$4 and a campaign for membership is being launched so that all tennis fans will have an opportunity of being enrolled.

Among the features planned for the summer is the appearance of Johnny Hemmesy, well known champion, who will be here probably in May for an exhibition. All tennis fans who are anxious to become affiliated with the club, are urged to make application at once to Dr. Drago or Mr. Cartmel.

Says Indian May Beat Nurmi

By HENRY L. FARRELL
(United Press Sports Editor)
New York, April 22—Charley Paddock, the fastest man in the world at a short distance, believes that no white man lives who can beat Paavo Nurmi, the world's champion distance runner, in any race of a mile or better. But he has an opinion that Nurmi can be beaten and that he might be beaten when he reaches the Pacific Coast on the tour that he is now making.

In a story, written on the tour he is taking around the world with Loren Murchison, Paddock expresses the opinion that one of several fine Indian runners in the West may beat Nurmi and he gives some interesting dope about his theories.

"Nurmi has swept our continent with his running victories," Paddock writes, "and no American has been able to check him. Our athletes have been forced back and back until at last only the champions of the Far West remain undefeated, and now they will take their last stand on April 25, with retreat impossible, and give their best to whip him."

"The Pacific Coast has centered its hope on the Indian runners. The white man has failed. His science and his generalship have not been enough to combat the stamina and the patience of Paavo Nurmi. It seems that he can only be beaten when some one of equal stamina and patience is placed against him. And so the Indian has been selected."

"Strange, isn't it, when you stop to think? Trace for a moment America's history, how the white men forced their way across plain and

over mountain, driving the original Americans from their homes back and back until they could retreat no farther. With science and generalship has failed this time, and the strength of the white man is not great enough to equal this enduring Finn. So we have turned to the red man again, and he has answered."

Chicago — Albert Steenos, Olympic marathon champion and fellow Finn to Paavo Nurmi will compete here in the Finnish American A. A.'s meet May 31, it was announced today. V. A. Myrta, Olympic javelin champion will also compete. Nurmi will run if he is still in this country.

Milwaukee, Wis.—Connie Currie, Sioux City bantam, has filed suit against the Cream City Athletic Club for \$1,100 which he claims is due him and which the club withheld after his bout with Pete Sarmento here March 23. Currie claimed a broken hand in the fifth round and when the commission doctors failed to find any broken bones the club refused to pay the full amount of the contract sum.

Milwaukee, Wis.—Johnny Layton, Minneapolis, took two games from Art Thurnblad, local three cushion star, winning the afternoon game 50 to 27 and the night game 50 to 44.

KEEPING ONE EYE ON THE SCORE BOARD

Yesterdays Hero: Fothergill, Detroit outfielder, who went into the game against the Indians in the eighth and pounded out a single that brought Cleveland its first defeat 3 to 4.

Mogridge held the Athletics safe while the Senators pounded two pitchers hard in the last inning and won 5 to 2.

Old Sam Jones struck out eight Red Sox and allowed them but six hits, one of them a homer, the Yanks winning 6 to 2.

In a set-back encounter, the Browns gained an even break with the White Sox, 9 to 8. There were no National League games yesterday.

Munn, coming from the Giants to Indianapolis, turned back the St. Paul Appetles in his debut in the American Association, 4-2.

Minneapolis surprised the Louisville Colonels with a rally in the ninth that netted six runs and won the game.

Kelly's single in the ninth with the bases full turned the trick for the Toledo Mud Hens and gave them a one-point victory over Kansas City.

The Milwaukee Columbus game was a slugfest with 28 safe hits being poked out. The Brewers won with a margin of five.

COMES BACK TODAY IN SAME POSITION

New York Giants' Leading National League As They Open at Home, In First Game Since Return From Trip

New York, April 22—When the third and last official opening of the baseball season came to New York City today the fans are expected to turn out in vast numbers to welcome a team that returns to the Polo Grounds in the same league position as it finished the 1924 race—in first place.

The Giants' men are perched more or less comfortably atop the seven other clubs that compose the National League and with eight games to be played here with the Braves and Phillies, there is likelihood that the arrival of May will see them with a commanding lead.

Western teams have and rank about the fringe of the schedule, but the Giants smile placidly and in a business-like manner have set about the hoped-for task of annexing a fifth consecutive pennant.

The Giants will be helped in this by another break played by the schedule makers. The Reds and Cardinals—in second and third place, respectively, will begin a four game series today. If these two clubs hold each other even, the Giants should have a three or four game lead before the week end.

The situation in the American League was tightened somewhat yesterday when Detroit ruined Cleveland's winning streak of five straight and the Senators took a fall out of the Athletics.

The Indians still lead the league, but Buck's Harris' hurlings are tied for second place with the Mackmen.

Mr. and Mrs. Emmet Farthing had as their guests Sunday, Mr. and Mrs. James Morrison and daughter Freda and Mrs. Riley Beyer and daughter Mary and Mrs. Elmer Paris.

Miss Mary Louise Wyatt entertained the Tuesday Afternoon bridge club yesterday afternoon at her home on East Third street, and two tables of the game was in session.

The patrons, teachers and pupils of the Glenwood high school enjoyed a pitch-in dinner Tuesday at the school building, celebrating the last day of school. In the afternoon the pupils gave a splendid program.

The regular meeting of the Pythian Sisters was held Tuesday evening at the K. of P. hall. An important business session was held and the order decided to give a penny supper Friday evening, May 1, at the K. of P. hall.

A combined committee of the Red Men Lodge and the Pocahontas Lodge will entertain the remainder of the lodge members of the two orders with a pitch-in supper and indoor fair at the Red Men's Hall, Wednesday, April 29.

The Loyal Women's Class of the Main Street Christian church Sunday school held a meeting Tuesday afternoon in the parlors of the church. A short business meeting was held followed by an informal social period, and refreshments were served.

Mr. and Mrs. Ferd Retherford delightfully entertained Tuesday evening with a pitch-in supper at their home in North Main street. Fourteen guests enjoyed the supper and assembled around the card tables for an evening of bridge following the serving of the repast.

The Missionary Societies of the East Central district of the Baptist church held a conference in this city at the local church today. At the noon hour a splendid pitch-in dinner was served, and the program given this afternoon was in charge of Mrs. Fred Arbuckle of this city. Short talks and a business session relative to the welfare of the societies were the principal features of the program.

Miss Margaret Kelley was a delightful hostess Tuesday evening when she entertained the members of the Immaculate Sodality of the St. Mary's church at her home in West First street. During the business meeting it was decided to hold a cake sale, May 2. The next meeting will be held at the home of Miss Mary Mullins, Tuesday evening, April 28. At the close of the meeting last evening dainty refreshments were served.

The Missionary Society of the First Presbyterian church held a splendid meeting Tuesday afternoon at the home of Mrs. Hugo Schmalzel in West First street. Group No. 2 had in charge of the program with Mrs. John Morris as the leader. The subject discussed was "The National, American and Foreign Negro," and several interesting papers were read on the topic. At the close of the program the hostess assisted by Mrs. Lee Pyle, Mrs. John Morris and Mrs. B. O. Simpson, served dainty refreshments.

The Rushville Rebekah Lodge will observe the Odd Fellows Re-consecration Week with an entertainment fostered by the April Social Committee at the Odd Fellow Temple, Friday evening after the regular lodge session.

A varied program has been arranged with talent that has not heretofore appeared locally, consisting of music, vocal and instrumental, readings and monologues. The Milroy Male quartet will sing and a novelty musical number is promised, which will be out of the ordinary. The program will begin at 8:30 o'clock. Each member of the Rebekah Lodge is requested to bring a pie and sandwiches.

NEW MACHINE INSTALLED

Casady and Smith have installed two Simplex Motion picture machines in the Castle theatre in place of the old Powers Machines which were formerly in use. This change will insure the patrons a better projection of the pictures. The machines were installed by Wainwright and Goodin.

OUR OBLIGATION TO THE HOMESICK

Many vocations and avocations in our midst come under this list of persons suffering from this almost incurable malady—homesickness, but the author's mind rather hovers about our teachers who have left their own familiar communities to come and serve our local youth.

To be sure preachers are similarly situated and we desire to include them but club women could well give this situation the consideration which is due it in our locality. Because these persons are paid we sit back sublimely content imagining that the strangers in our midst can thrive on memories of home at the exclusion of any effort on our part to alleviate the inevitable longing for the scenes and activities which had become a part of their life.

Homesickness finds a specific lure only when the new surroundings begin to take on the homelike warmth and it is up to us, more than any other group (Unless it be the religious groups), to make his warmth for these strangers, especially the ones who have come in primarily to serve our higher interests. Parents of school children should invite members of the faculty into their homes acquainting themselves mutually with each others aims and failures, so that a friendship is formed that will make life more normal and pleasant. Out of such an interest a greater efficiency will come because contented hearts give forth a fuller service.

As club women we can not deny this obligation which so justly faces us and it is the author's hope that this remainder will lead to the healing power which comes of personal interest in these cases of homesickness which come under our notice.

Importance of Organizing Young People for Definite Work Recognized From Beginning

CORN CLUB BIG ACHIEVEMENT

Boy's and Girl's Barrow Club, New This Spring, Expected to be Productive of Results

SIX TOWNSHIP ORGANIZED

Girl's Sewing, Canning and Baking Clubs Functioning—One Formed in Rushville High School

The importance of organizing farm boys and girls into definite clubs on a voluntary basis has been recognized from the beginning by far-sighted community leaders. A strong incentive is supplied by the club organization, during a time of ready acceptance of new ideas, through satisfying the instinct usually developed during the adolescent period; whereby young folks like to organize and direct the things that concern themselves. Through such organization, farm boys and girls are gaining a broader conception of the farm and home work, which they are doing in their respective communities.

The boys' and girls' club work has made great headway in Rush county during the past year, the greatest single step in this direction being the formation of the boys' corn club, with 115 members representing every township in the county.

The boys' and girls' barrow club, formed this spring and to terminate in a show in September, is a new experiment in Rush county that is expected to be productive of great results.

Girl's baking, sewing and canning clubs are going forward with greater enthusiasm than ever before in

CORN CLUB NOTES

During the program April 8, Argus Wagoner suggested that "the corn club boys should go into the club with the idea of winning, and make the competition so close that the boy who does win can fully realize that he has been in a real race." From all reports the boys are taking Argus at what he said.

All of the boys have heard the story of the rainbow and the pot of gold. We have hoped that the majority of these boys will see the end of the rainbow coming down sometime this summer just over the barn in the corn plot.

No Rush County boy will lack the necessary encouragement from his father, neighbor and sponsor. The Rushville business men are financing the boy's club, but most of them are expecting to learn from the boys some of the secrets of successful corn growing before the summer is over.

The committee assigning sponsors evidently overlooked the fact that Link Gary believes everything comes from Posey township. Link has been assigned an Orange township boy. However, since getting acquainted with his boy and the farm, he has taken new hope. Mr. Gary was recently told that his boy always goes the second mile with all his work.

George Wiltse and "Dick" Booth are having many problems to meet in attempting to outdo "Dick's" father. His father, Leonard Booth, north of Milroy, has held the silver cup for the highest yield in Rush county for the past two years in succession. We are watching the boy this year.

Raymond Hargrove has promised all necessary drugs to his boy in producing a first class crop.

Names of Boys and Girls in Rush County Engaged in Club Work, Nature of work and the Club Leaders

Every township in Rush county is represented in the 1925 Boy's Corn Club, which is being fostered by the Rushville Booster's Club and which will terminate at the annual Rush County Corn show, when each boy will enter corn in the Boy's Club class and will also return sixty selected ears to be used as seed for next year's club.

Six townships in the county are organized for girl's canning, sewing and baking clubs, and a seventh club has been added with the organization of one in the Rushville high school by Miss Ruth Grishaw, home economics instructor.

Walker township leads the enrollment in the Boy's Corn Club, with eighteen boys actively taking part this year. Noble township is second with sixteen and Ripley and Orange each have twelve enrolled. Posey and Anderson are next with ten each and Richland has nine and Center eight. Washington has seven and Jackson six and Rushville is low with three enrolled.

Ripley township leads in girl's club enrollment with thirty-one and Center is a close second with thirty enrolled. Walker is third with twenty-three.

The enrollment in all of the boy's and girl's clubs of the county follows, the boy's corn club coming first, by townships. The boy's name and address is given first and immediately following each is the sponsor, a Rushville business man who has agreed to watch the boys corn club work and encourage him in every way possible.

RULES ARE MADE FOR BARROW SHOW

County Feeding Club Will Terminate This Fall With Display of Pigs Here September 5

FOUR CLASSES IN LIST

Rules Also Set Out Attractive Awards For Boys and Girls Making Best Records

Rules and details governing the Rush County Barrow feeding club which will terminate September 5 with a show, were announced today, and prizes listed for the successful winners in four divisions.

The club work in the county is being sponsored in two divisions by the American National bank, and in the other two divisions by the Rush county Farm Bureau. The first two classes are open for pig club barrows from pure bred recorded sire and dam of same breed, and the winner will be eligible for the state fair show.

In the third and fourth divisions, it is open to pig club barrows from pure bred breeding stock, of the same breed whose dam is not recorded, but the sire may be.

Attractive awards have been announced, with the winners in the first and second divisions receiving trips to the state fair camp, and in the other two classes, the Farm Bureau has announced cash awards.

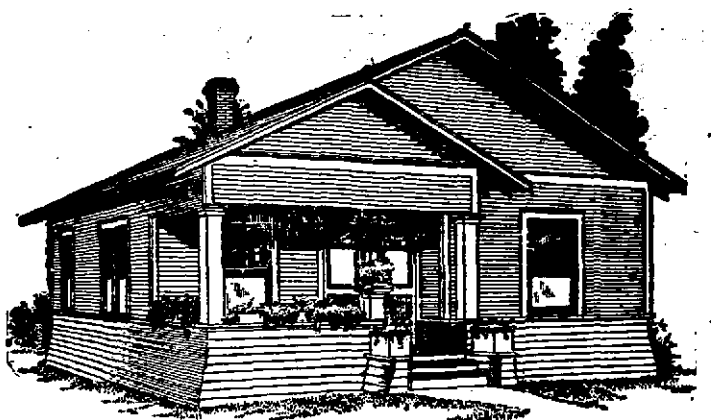

The rules and regulations for the feeding club, leading up to the barrow show, are as follows:

1. Open to all Rush county boys and girls who are 19 years of age and not more than 10 on July 1st, 1925.

2. Each contestant may select one two or three barrows, feed and care for them and at the end of the fitting period make his selection for show. In classes other than pen shows no boy or girl will be permitted to show more than one pig. These barrows must be farrowed on or after March 1st, 1925.

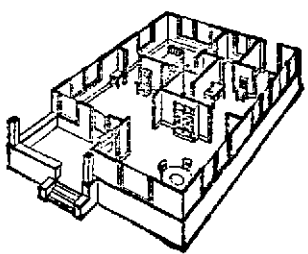

3. Pigs must be weighed individually.

What Does It Cost to Build This House?

(These Prices Cover All Costs Except Cost of the Lots)

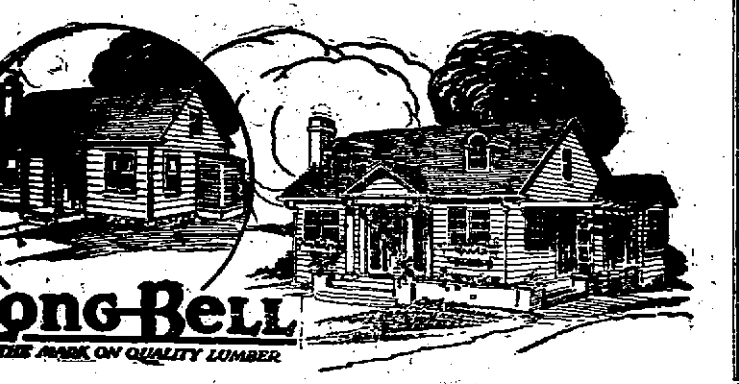

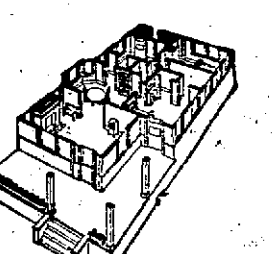

There is a prevailing idea here that a house cannot be built to rent and call it a good investment. We can quickly prove to you that this is a wrong impression, and show you that it will not only be a good investment, but the best investment you could make today.

THE MARK OF QUALITY LUMBER

You can build a mansion or a bungalow and put as much money as you want to in either. For the past many years Rushville people have put all the money they could possibly get hold of into houses they have built, because they were building to live in themselves. BUT NOW YOU MUST BUILD FOR SOMEONE ELSE, AND WE WILL SHOW YOU IT WILL BE THE BEST PAYING INVESTMENT EITHER TO BUILD TO SELL OR RENT. WE can show you that a livable house can be built for as low as \$1200.

Boys and Girls Club Work Is Given Renewed Impetus

(Continued from Page Seven)

the history of the county. The success of Helen Wissing of Walker township, in winning the state championship for canning last year, has served as a great impetus in girls' club work.

There are now clubs in Orange, Union, Walker, Center, Jackson, Posey and Ripley townships and one has also been formed in the Rushville high school by Miss Ruth Grishaw, home economics instructor.

Last January at the regular monthly meeting of one of the township farm bureaus, the newly elected chairman said, "We all realize that we are living in the best township in Rush county, but in order to prove that to the county we must all do some outstanding piece of work during the coming year."

During the past two years this same township has produced the heaviest ton litter yet produced in Indiana; also the best 10 ears of yellow corn grown in Indiana; also the best 10 ears of yellow corn grown in Indiana in 1924. It is wondered what this township chairman is expecting from his people this year. It is quite evident that he has many community leaders promoting different projects. These same leaders have the attention of the rural young people focused upon the activities of the community as a whole and their best efforts are enlisted.

Community consciousness is also aroused, leading to the development of community responsibility and citizenship on the part of the boys and girls, as well as the adults. This will make farm home life more comfortable and the social life of the community richer and more enjoyable, it is pointed out. It will quick-

en and satisfy the desire for service. Moreover, these activities develop the attitude of the mind toward the work of the home, the farm and the community, thus fitting young people for their places as useful members of society in any environment.
